

Wisdom of James Bible Study

The book of James in the New Testament is technically a letter but it reads more like wisdom literature from the Old Testament, full of proverbs for Christian living. Times have changed from the first century when this letter was written, but there is a timelessness about the wisdom of James. It is deep living wisdom that addresses universal and ageless matters of human misbelief and misbehavior.

One significant theme in the wisdom of James is a call for consistency between faith and action, and much of what he says seems to speak directly to the current issues of how we behave in time of pandemic and how we work toward social justice.

Beginning October 5th Pastor Joe will begin a serial bible study on the book of James. Monday through Thursday participants will receive an email with a short passage from James along with a brief commentary and a few questions that hopefully will inspire (or provoke) reflection. Then on Friday those who wish can participate in an hour long Zoom gathering to discuss the readings and reflect on how the wisdom of James applies in our context.

If you would like to participate in the Wisdom of James Serial Bible Study please sign up using the form at the link below.
